

LIST-MAGNETIK GMBH BECOMES PART OF PCE INSTRUMENTS

Leinfelden-Echterdingen, 3rd July 2025 - PCE Instruments is delighted to announce the acquisition of List-Magnetik Dipl.-Ing. Heinrich List GmbH, a specialist in coating thickness gauges, magnetic field measuring devices and other magnetic measurement technology. This strategic acquisition will significantly strengthen the position of both companies in the

international market for industrial measurement technology.

Since its foundation in 1967 by Dipl.-Ing. Heinrich List, List-Magnetik GmbH has earned an excellent reputation in the development and production of coating thickness gauges and magnetic field measuring devices. All products are manufactured at the company's headquarters in Leinfelden-Echterdingen and stand for the highest quality 'Made in Germany'.

'The integration of List-Magnetik into our group of companies opens up new opportunities to expand our product portfolio and strengthen our technological expertise,' explains Volkan Sevim, Managing Director of PCE Finanz- und Beteiligungsgesellschaft mbH. 'We value List-Magnetik's many years of experience and technical know-how and look forward to our future together.'

The existing structures and the location in Leinfelden-Echterdingen will remain unchanged. The management team led by Dipl.-Ing. Heinz-Dieter List and Dipl.-Inform. Rainer Prigge will continue to run the business. Customers and partners can therefore rely on continuity and the quality they have come to expect.

'In PCE Instruments, we have found a strong partner who shares our values and supports our vision of innovative measurement technology,' says Heinz-Dieter List. 'Together, we will continue to drive forward our product development and offer our customers even more comprehensive solutions.'

The acquisition marks a significant step in the history of PCE Instruments and lays the foundation for further growth and innovation in the field of magnetic measurement technology.

About List-Magnetik GmbH

List-Magnetik Dipl.-Ing. Heinrich List GmbH is a global specialist in magnetic measurement technology. The company has been developing and manufacturing high-quality measuring instruments for industrial, research and development applications for over 50 years.
